Broadway, Mines Blvd	West Whittier/Los Nietos	Road Closed	Road Work	12/10/25	TBD	4

The northwestern route to Bear Divide via Placerita Canyon Rd to Sand Canyon Rd is TEMPORARILY CLOSED. There is currently NO ACCESS from 25548 Sand Canyon Rd to Bear Divide.

Instead, the most direct route to Bear Divide will be from the southeast via Little Tujunga Canyon Rd. See alternate directions below.

### ALTERNATE DIRECTIONS TO BEAR DIVIDE VIA LITTLE TUJUNGA CANYON ROAD:

- From the 210 Freeway (San Fernando Valley), take exit 8 toward Osborne St/Lake View Terrace
- Use the right lane to take a left onto Foothill Blvd
- In one block (0.2 mi), take a left at the traffic light onto Osborne St
- In 0.6 mi, stay on Osborne St., which becomes Little Tujunga Canyon Rd
- Stay on Little Tujunga Canyon Rd for about 10 mi, until you reach the Bear Divide Picnic Area on your left (you won't be able to go further as Little Tujunga Canyon Rd immediately becomes Sand Canyon Rd, where the road closure begins)

**Important Note:** Google/Apple Maps WILL NOT route you this way, as it thinks there is a road closure along Little Tujunga Canyon Rd between Kagel Mountain and Bear Divide- **there is not.** Instead, use Google/Apple Maps to navigate to the [Kagel Mountain Trailhead](#) (Google Maps) OR to [Dillon Divide](#) (Apple Maps) waypoints and continue west on Little Tujunga Canyon Rd until you reach Bear Divide on your left (approx. 3 mi).

**Be VERY careful driving up in the early AM as Little Tujunga Canyon Rd is significantly windier than Sand Canyon Rd, and there is often low visibility from dense fog in the mornings. Go slow and let tailgaters pass. Be safe and see you up there!**
